

SEA – The Same Sex Eastern Action Network presents the:

# Celebrating Diversity Website Launch!

Please join us in celebrating the launch of the 'Celebrating Diversity' Website! The website will ensure that 'Celebrating Diversity' information and activities for supporting same-sex attracted and transgender young people are accessible to all as a valuable resource for youth workers, teachers or anyone working with young people.

We are excited to have Jonathon Welch join us as the keynote speaker. Jonathon is not only one of the finest tenors of his generation and 2008 Australian of the Year Local Hero, but has combined his love of music and talents with a deep commitment to youth music education and the community— as shown by his formation of 'The Choir of Hard Knocks' and the 'Melbourne Gay and Lesbian Youth Chorus'.

We look forward to celebrating this exciting event with you!  
Light refreshments provided.
